Launch Your Space Dynamics Laboratory Career in Huntsville, Alabama

The Utah State University Space Dynamics Laboratory (SDL) is a mission-focused, nonprofit University Affiliated Research Center (UARC) sponsored by the Missile Defense Agency. As a trusted Department of Defense partner, SDL has been making big impacts on important missions since 1959. We solve technical challenges faced by the military, science community, and aerospace industry, specializing in hardware and software systems from concept to completion.

Our Huntsville location is one of several field offices situated across the US, with headquarters in North Logan, Utah. Conveniently positioned outside Redstone Arsenal and next to Cummings Research Park—the second-largest research park in the country—our fourth-floor office suite overlooks a nearby lake and has state-of-the-art office space to support our workforce and customers.
